

## Large Italian Marble Columns

The Breccia Di Seravezza column is from Seravezza, Italy, and is particularly stunning. The quarry it originated from has been closed for many years.

The Siena Giallo column is from Siena, Italy, and has a lovely ochre hue and veining.

### DIMENSIONS:

Columns – length 324.5cm X diameter 53cm

Bases – bottom 69cm square, diameter at top 55cm, height 52cm
